Contact Conference Services

The earlier you can call the better to ensure that space is available. We confirm reservations 6 months/1 semester in advance. There are three ways to contact Conference Services/request event space:

1. Call: 426-1677
2. Email: conferenceservices@boisestate.edu
3. Online:
   - Request System: Login using your web username and password (if your student organization does not have an account, Conference Services can create one for you - one account per student organization).
   - Request space for the days you need, and an event coordinator will be in contact with you once you request space online.

Have the following information available

Contact Information: Contact name, phone #, and email

Name of event: This is what shows up on the reader board for your attendees, make sure the name is listed the way you would like it seen to the public.

Date and time of event: Have backup date and times in mind in case the space is not available the day you had originally requested.

Number of attendees: We can adjust this later, but an estimate is needed so we can make sure we get you into a large enough space.

Preferred setup (tables and chairs): We can adjust this later, but an idea of what you might want is helpful so we can find a proper room.

Any equipment needed (ex: projector, screen, microphone): This can be added later but will need to be communicated no later than 10 days prior to event. Any events that are over 100 or have complex AV needs will require a tech.

Department Account # for charges (ex: 986L1234)

*If you plan to host food, please let the event coordinator know so we notify catering to be in touch with you.

One month before event

Order Food: a catering sales associate will help you with your food and beverage selections. Menus can be viewed on our website: http://conferenceservices.boisestate.edu/catering/

(Continued on next page)
Submit Co-Sponsorship Agreement: This agreement serves as a framework for the development of an effective co-sponsoring relationship on events between student organizations and other on or off-campus organizations. This form does not constitute a contractual agreement, but instead serves to formalize the responsibilities and expectations of those parties entering into co-sponsorship. This form can be found on orgsync and does not pertain to all events.

Submit Catering Exemption: The Catering Exemption was developed to accommodate recognized internal groups who want to provide outside food or beverages for their regularly scheduled business meetings, where only members of the group are invited and where the public is not expected. Form located on Conference Services website under “forms”.

Submit Retail/Merchandise Exemption Request: If you plan to sell any merchandise (T-shirts, books, jewelry, etc) at your event, this form must be submitted for review and approved by Boise State Bookstore. The Boise State University Bookstore has the exclusive right to provide retail sales and merchandise on the Boise State University campus. This form is to review those requests.

Make Parking Arrangements: Request parking arrangements for your off campus guests on our website: http://conferenceservices.boisestate.edu/parking/

One week before event

Finalize AV needs with event coordinator: This will be all things audio and visual for your events - microphones, computers, screens, projectors, etc. If you plan to use Boise State’s computer, send your presentations to the event coordinator prior to your event so we can have everything tested and prepared for your arrival.

Finalize room setup needs with event coordinator: As the event comes closer we want to make sure we have a solid idea of what you expect the room to look like upon arrival. Communicate room setup with your coordinator so it is easier to adjust once final counts come in.

Email event itinerary to event coordinator
